

# Epiphany Community Summer Survey

Thanks to Rita we have some priests available to us for Mass But on the Sundays that we don't have a celebrant; we need to see what most people want to do. So here are our choices, please check the options that will work for you. Choose as many as you like.

- We can meet at someone's home and have a secular service with readings and discussion.
- We can go to Cass's church and join in with her congregation.
- We can have someone go to Cass's church and the priest there will give us consecrated hosts to bring back to the Cape and we can have a communion service there.
- We could set up another visit with the Relay community.

I left two blanks for anyone who would want to write in their own suggestions. See you next week, we will be voting on this then also.
